Ms. Vaillant:

I am in receipt of your request for the information on both temporary and permanent amusement rides in both Northern and Southern California. The request is voluminous and therefore DOSH will require an additional two weeks to provide a substantive response. I would also like to note that the costs associated with this production will be quite high given the volume of documents involved.

If you are still interested in pursuing this request, I would be happy to talk to you about the cost as well as pursue any means by which the request could be more narrowly tailored.

Sincerely,

A handwritten signature in blue ink, appearing to read "Amy D. Martin".
